

## Proposal Team Summary Page – Fellowship/Families/Environment

Members: Andrew & Corey Thompson, Rich Coby, Cierra Coby, Doris Coby, Betty Goldammer, Julie Kylea, Kelse Hills, Kurt Somsel, Heather Derwin

### Guiding scripture –

“The Earth is the Lord’s, and everything in it, the world, and all who live in it.” Psalm 24:1

### Vision Statement –

Our vision is to create a movement centered on connection and care with our faith, our community, and God’s Earth.

### Mission Statement –

Because we believe our children and our Earth are keys to the future of God’s creation, our mission is to work together as a community of faith to nurture family, foster fellowship, and care for the Earth through education, activities, and relationships.

### Message from the Proposal Team –

We believe our faith calls us to celebrate families, support intergenerational fellowship, nurture the Earth, and inspire and develop the next generation of leaders. We propose to do this via educational opportunities for all ages, such as fellowship events, nature based field trips, community engagement events, additional worship opportunities, promoting leadership qualities in our youth by guiding them in the development of service projects, and promoting a support group to meet the needs of families in our community.

Based on the proposed activities, the budget is estimated to be between \$5,000 - \$10,000. We would also recommend a pilot to develop a scholarship program for events. A full list of proposed activities will be provided to the Implementation Team.
